MARVEL?

Introduction: What is the story behind Marvel?

Timely Comics, the precursor to Marvel Comics, was founded in 1939 by pulp magazine publisher Martin Goodman. In order to capitalize on the growing popularity of comic books, especially those starring superheroes, Goodman created Timely, which, after one other name change, became Marvel Comics in the early 1960s.

Most of Marvel's fictional characters operate in a single reality known as the Marvel Universe, with most locations mirroring real-life places; many major characters are based in New York City. Additionally, Marvel has published several licensed properties from other companies. Kamala Khan aka Ms. Marvel is a Muslim Pakistani-American teenager from New Jersey. She possess latent Inhuman lineage activated by the Terrigen Bomb. When she was exposed to the Terrigen Mist she became a polymorph with the ability to stretch her body in almost any way imaginable.

Who was the very first Avenger?

Publication history The debut of the original Avengers: The Avengers #1 (Sept. 1963). Cover art by Jack Kirby and Dick Ayers The five founding members were: Iron Man, Thor, Ant-Man, The Wasp, and The Hulk. Kamran. Kamran was arguably Ms. Marvel's most dangerous villain, because she really liked him. Kamala's parents invited old friends to visit and Kamala met their son Kamran. Who are the 6 original Avengers?

The original team consisted of Iron Man, Captain America, Hulk, Thor, Black Widow and Hawkeye. They were brought together by S.H.I.E.L.D. to combat Loki, Thor's adoptive brother. The team was initially formed by Nick Fury to "fight the battles that S.H.I.E.L.D. never could". Who is the number 1 Avengers?

Hulk has traditionally been seen as the strongest Avenger physically — and for good reason, though he's been subdued by both Iron Man and Thor. Then he got wrecked in "Infinity War," and we haven't seen him fight since. Who is the strongest Avenger?

Thor . Scarlet Witch. Scarlet Witch is the most powerful Avenger we have, and while many people actually believe Captain Marvel or Thor are the most powerful, Scarlet Witch comes out on top. She has continued to demonstrate extraordinary power since Infinity War.

DC SUPER HEROS?

by google.com

DC superheroes such as Superman, Batman, Wonder Woman, Martian Manhunter, The Flash, Green Lantern and Aquaman are from this universe, as well as teams such as the Justice League and the Teen Titans. With over 10,000 characters in the DC Universe, this is the most complete listing in existence.

Who was first DC or Marvel?

Looking back at the publication release dates of both DC and Marvel in comics, DC came out first. It was first known as Detective Comics Inc. which was later changed to National Publications.

Who was the first superhero in DC?

Superman, DC Comics introduced the first costumed superhero, Superman, in Action Comics #1 (June 1938). Superman's creators, writer Jerry Siegel and artist Joe Shuster, had unsuccessfully tried to sell the series to newspaper syndicates as a daily strip.

Who would win DC vs Marvel?

DC Comics would certainly win in a direct clash. Sure, Marvel might have the One-Above-All, but DC's Doctor Manhattan is the most powerful and invincible fictional character ever created, and that is simply why DC Comics would win in this clash, despite the individual differences that might give points to Marvel. While both comic book publishers present a make-believe universe, Marvel brings more realism to a fantasy world. In addition, Marvel takes more risks, so they come out with highly unique movies such as Guardians of the Galaxy, backstories (ex. Batman).
